Subject: Expensive cleanup is bad for jobs

The living-wage jobs in our harbor are critical to our economy. Please keep that in mind.

It's important to remember that the river is also a key driver in Portland economic engine. We all love the Willamette and its role in our environment. But I hope that you'll also factor in the important jobs the harbor provides.

Thank you for what you do for our environment. Please consider my thoughts and approve a plan that's good for our economy as well.

Sincerely,
